

My Biography

Konstantina Iliopoulou

Undergraduate Student of Informatics

- p18ilio@ionio.gr
- 6911111111

- Konstantina3

Languages

- Greek (Native)
- English (Lawer)
- German (B1)

Interests

- Jogging
- Tennis
- Traveling

HCI

Through the course “Software Technology”, my goal is to understand how a system is organized and operates, as well as how to achieve interaction with it. To learn to collaborate, to solve my questions and to implement corresponding tasks through new software, such as linux. In addition, I would like to enhance / improve my programming knowledge, while through the educational videos, I intend to know the history of computer systems and how, in the end, the interface was done then.

Education

Informatics

2018 -

Ionian University

High School Degree

2015 - 2018

High School of Lamia

Experiences

Womentors

2020 - 2021

Lampraki Foundation, Athens

Python

2019 - 2020

Ionian University, Corfu

PROGRAMMING SKILLS

C

C++

Java

Python

HTML & Javascript
